PROFESSIONAL SUMMARY

Detail-oriented DevOps Engineer with hands-on experience in Linux, Docker, Kubernetes, Jenkins, Git, and Terraform. Skilled in building CI/CD pipelines, infrastructure automation, and containerized environments. Passionate about cloud technologies and efficient deployment strategies, seeking to contribute to scalable and high-performance systems.

PROFESSIONAL EXPERIENCE

Programmer Analyst | Cognizant Aug 2024 – Present

- Built and maintained CI/CD pipelines using Jenkins for automated application deployment

- Managed containerized applications using Docker and Kubernetes

- Provisioned and configured infrastructure using Terraform (Infrastructure as Code)

- Worked on Linux environments for system configuration and troubleshooting

- Collaborated with teams to improve deployment workflows and reduce manual effort

- Utilized Git for version control and code management

EDUCATION

B. Tech, Mechanical Engineering || Aug 2019 – May 2023 | CGPA – 8.76

Lakireddy Bali Reddy College of Engineering, Mylavaram.

TECHNICAL SKILLS

Cloud Platforms: (AWS and Azure)

DevOps Tools: Jenkins, Git, Terraform

Containerization: Docker, Kubernetes

Operating Systems: Linux

Version Control: Git

KEY ACHIEVEMENTS

- Automated deployments using Jenkins, making releases faster and easier

- Managed Docker and Kubernetes setups to improve application performance and scalability
